

**The Essex County Trail Association invites you to
attend a free Lecture and Slideshow with Skip Lisle,
President of Beaver Deceivers Inc.**

Beaver Ecology and Management to Protect the Natural and Built Environment

**Thursday, February 25 at 7:00 PM at the
Ipswich Town Hall
LOWER LEVEL (signs will direct you)
25 Green St, Ipswich**

Skip Lisle has years of experience managing the impacts of beavers in many locations throughout North America and has lectured extensively throughout North America and Europe. He has worked with ECTA in Essex County to install several of his innovative flow devices, or beaver deceivers, to protect our trail system and other man-made features, while also protecting important wildlife habitat. This lecture is designed for the general public as well as Conservation Agents, Board of Health and DPW officials.

Please RSVP to Alex Van Alen at alex@ectaonline.org or 978-312-1548
